Foot Comfort Conductive to Happiness

Your happiness to a large extent depends upon the condition of your feet. Therefore, do not subject them to unbearable shoes.

Besides standing many weary hours you also have a great deal of walking to do.

It is, therefore, no small task your feet are required to perform, and they should certainly be encouraged to serve your lifetime by housing them in the best footwear you can purchase.

"INVICTUS" shoes give real comfort because of their glove-fitting qualities.

Besides this, you are assured of a distinctive style in every "INVICTUS" model. Thus you secure style and comfort.

What more could you ask for?

NOTICE

The north end lumber merchants extend to you a cordial invitation to call and inspect our stock of lumber, which is second to none for grade and price. We carry a full line of lumber, shingles, lath, wood fibre, doors, storm doors, storm windows, roofing, felt and plain papers and several grades of tar paper including Jubilee, Triumph, Victoria, Anchor, Lion, etc., all new stock and under sheds.

Now is the time to get those storm doors and windows to keep Jack Frost away from the Xmas turkey.

Wishing you a merry Christmas and a happy New Year.

AROUND THE TOWN

Mrs. F. H. Schooley of Acme was a visitor to town on Saturday last.

R. Hollinger and D. Reddekopp of Sunnyslope were visitors in town on Tuesday.

The Council meet on Monday night at the Council chamber in the school house.

Mrs. S. Miller left last week for a visit to her daughter, Mrs. C. Hiltz, at Camrose for a few weeks.

Work is being rushed to completion on the electric light plant and it is expected that everything will be completed in a few days.

German services will be held at the Evangelical church on Sunday morning next at 10.30. All German speaking people are cordially invited to attend.

Messrs. Ryder and Shaefer have completed the installing of electric light in the Baptist church, which adds greatly to the appearance and brightness of the building.

If you want some extra good milk cows, attend the joint closing out sale of Eby and Fulkert on Wednesday, Feb. 14th, 5 miles east and one-half mile north of Didsbury.

Services at the Baptist church at 11 a.m. and 7.30 p.m. In the morning the pastor will preach on "Spiritual Dynamics." In the evening on "Life's Ideals." All heartily invited.

The many friends of Messrs. Norman and Angus Weicker will be sorry to learn of the sudden death of a sister in New Hamburg last week. Angus Weicker left for Ontario on Thursday.

A reception of new members and the celebration of the Lord's Supper will be held in the Presbyterian church on Sunday morning at 11 o'clock. Pre-communion service on Friday evening at 8 o'clock.

A few of our local Sootyheims celebrated Bobbie Burns' birthday last week with a turkey supper at the Golden West hotel. The canny Scots as usual had a good time but we are glad to report that liquid refreshments were not made the main part of the excellent supper provided by mine host Conrad.

Farmers Meeting on Friday

A Farmers Institute meeting will be held in Didsbury on Friday, February 2nd, at 2 p.m., and it is expected that there will be a good turn out of those interested.

D. W. Warner will address the meeting on subjects that should be of interest to every farmer in the community. "Hog Raising and Dairying," and Miss French will speak on the important subject, "Poultry Raising." Everybody is welcome at these meetings and they should be supported by a good attendance.

Tax Mail Order Houses

At the coming session of the Ontario legislature a bill will be submitted on behalf of the Board of Trade of Goderich, Ont., permitting cities, towns and villages to virtually tax the catalogue and mail order business done in a town by a departmental situated in some other town. Details of the plan to include making the tax equal to the average amount of taxes paid in the town by an ordinary retail business. The proposed bill is to be entrusted with Wm. Proudfoot, K. C., M. P. P., for Centre Huron. It is designed to get at the business done in Ontario towns by means of catalogues through the mails by the big departmental stores. This competition with the local retail merchant has unfair features, it is claimed.—Midland Gazette.

ANOTHER SPLENDID CURE BY DODD'S KIDNEY PILLS

Mr. Ben Gauvang had backache so bad he had to quit work.—Dodd's Kidney Pills fixed him up.

Puebling Settlement, Kent Co., N. B. (Special).—Every corner of New Brunswick tells of cures made by Dodd's Kidney Pills, and this settlement can contribute its share. Mr. Ben Gauvang is one man who without hesitation states that he owes his good health to the great Canadian Kidney remedy.

"Yes, Dodd's Kidney Pills certainly did me good," Mr. Gauvang says in an interview. "Before I started taking them my back ached so that I had to give up work and I also had to be careful how I walked and moved about. I took nine boxes, all told, and they fixed me up. They are the best medicine for all diseases of the kidneys."

Dodd's Kidney Pills are no cure-all. They only cure kidneys. All they always cure the kidneys and with cured kidneys you can't have backaches, rheumatism, Bright's disease, diabetes or dropsy.

Miss Clifton.—Yes, she was furious about the way in which that paper reported her marriage.
Miss Avondale.—Did it allude to her age?

Miss Clifton.—Indirectly. It stated that Miss Dide and Mr. Yale were married, the latter being a well-known collector of antiques."

You will sneeze, perhaps feel chilly. You think you are catching cold. Don't wait until you know it. Take a dose of Hamlin's Wizard Oil and you just can't catch cold.

Miss Pruyn.—Indeed! By whom they employed?

Shiloh's Cure

quickly stops coughs, cures colds, breaks the most stubborn colds. 25 cents.

When the people talk of "the good things of life," queerly enough they do not mean the best things. They are using a deceptive phrase. The wise man or woman will never let the good things stand in the way of reaching higher and better things. Only ignorance does that.

Minard's Liniment cures gargle in cows.

"Are you honest with yourself?" "I think so."

"Then tell me, do you give up your seat in a street car to a strange man as quickly as you do to one whom you know or think you may know?" "Admitting that," said Old Man Diogenes went plodding on his way.

It is Criminal to Neglect the Skin and Hair

THINK of the suffering entailed by neglected skin troubles—mental because of disfigurement, physical because of pain. Think of the pleasure of a clear skin, soft, white hands, and good hair. These blessings, so essential to happiness and even success in life, are often only a matter of a little thoughtful care in the selection of effective remedial agents. Cuticura Soap and Cuticura Ointment do so much for poor complexions, red, rough hands, and dry, thin and falling hair, and cost so little, that it is almost criminal not to use them.

Although Cuticura Soap and Ointment are sold by druggists and dealers everywhere, a postal to "Cuticura," Dept. 5M, Boston, U.S.A., will secure a liberal sample of each, with 24-page booklet on Skin and Scalp Treatment.

PRINCE TO VISIT BERLIN

He Will be the Guest of Emperor William and Will Receive Special Honors.

It is expected that the Prince of Wales will pay a visit to Berlin shortly after his eighteenth birthday in June next, and that he will stay for a week with the emperor and empress. The Kaiser was extremely anxious to have the prince visit him at a short time ago, but Queen Mary then held that her son was too young and that it would be better to wait for another year or so. While the prince is in the German capital he will be admitted as a knight of the Black Eagle. This order ranks third in importance among European decorations, being only surpassed by the Garter and the Golden Fleece of Spain. The last named distinction, by the way, is also likely to be bestowed upon the Prince of Wales by King Alfonso during the course of next year. The visit to Berlin will be in state and entertainments in honor of the young prince will be arranged for every day, terminating with a review of the troops in the garrison, specially strengthened for the occasion. Before this review takes place the Kaiser proposes to create the prince a colonel of one of the regiments on parade.

A Standard Medicine.—Purmer's Vegetable Pills, composed of completely vegetable substances known to have a revivifying and salutary effect upon the digestive system, have, through years of use, attained so eminent a position that they rank as a standard medicine. The alling should remember this. Simple in their composition, they can be assimilated by the weakest stomach and are certain to have a healthful and agreeable effect on the sluggish digestive organs.

WOULD NOT BE WITHOUT BABY'S OWN TABLETS

Mothers who have once used Baby's Own Tablets for their little ones always keep them in the house. They realize the value of the Tablets in banishing baby's illness when it comes, or better still, in warding off illness by giving him an occasional dose of the Tablets to keep his stomach and bowels regular. Concerning them Mrs. Isaac McDonald, Napan Station, writes: "I have used Baby's Own Tablets and would not now be without them as they are the very best medicine I know of for little ones." The Tablets are sold at 25 cents a box by medicine dealers or by mail from The Dr. Williams' Medicine Co., Brockville, Ont.

"George!" "Yes, dear?"

"Before we were married you once asked me if I enjoyed a brass band."

"Yes, perhaps I did."

"You did, and I said yes; but it seems I misunderstood you, George. My wedding ring is making a black mark on my finger."

Small But Potent.—Purmer's Vegetable Pills are small, but they are effective in action. Their fine quality as a corrector of stomach troubles are known to thousands and they are in constant demand everywhere by those who know what a simple and safe remedy they are. They need no introduction to those acquainted with them, but to those who may not know what they are, they are presented as the best preparation on the market for disorders of the stomach.

One of the commonest complaints of infants is colic, and the most effective application for them is Mother Graves' Worm Exterminator.

"My dear Miss Stiffkins," wrote young Southleigh sadly, "it is with mixed feelings I herewith return your kind note, in which you accept my offer of marriage. THE CHAMPION DISC HARROW

HAS THE GOOD POINTS THAT MAKE AN IMPLEMENT RELIABLE

Two independent sections, each operated by a lever, making a flexible harrow. Each section has a heavy waster or bumper to take the end thrust.

Discs of the very best, carefully tempered steel, 16-inch diameter.

Bearings are cast boxes fitted with oil-soaked maple bushings. Entirely dustproof, lubricated by pipe oil.

The steel bars supporting the frame are strong and heavy; plenty of room between disc and weight box.

We can supply either a tongue or tongueless disc harrow. The Tongueless disc Harrow is fitted with truck only, as shown in cut. Either style of Disc Harrow is fitted with a comfortable spring seat; levers handy to operate.

Truck has 16-inch strong steel wheels, and 1 1/2-inch axle. Frame is of strong malleable steel, and is adjustable. Clevis has three adjustments.

Weight. Price With Tongue. Price Tongueless.

41 A 268. 16-Disc Harrow, 8-foot cut, with 4-horse eveners..... 33.00 40.00

There are certain good points that every Farm Implement must possess before it can be called reliable. But if it has these essential features it can be depended upon to do good work. The farmer may safely consider the purchase of an implement, when it is offered by a firm of unquestioned reliability, and sold subject to a trial test. The fact that it is sold at a lower price is no reflection on its value. Price does not guarantee value.

If you think these are reasonable arguments, and if you need a new Disc Harrow this spring, it will pay you to write to Eaton's. By return mail they will tell you the exact cost of any style after freight charges have been taken into account.

THE EATON GUARANTEE

Every farmer who orders an EATON Implement is asked to test it on his own farm for ten days. If it does not satisfy him, after test, he can return it and get his money back in full, with all freight charges as well. If after testing it he decides to keep the Implement, EATON will guarantee him against any possibility of loss through faulty construction or material. If anything breaks because it was not made right or not put together right, EATON'S will supply a new part free of charge.

Test Your Seed Grain

The season of the year for choosing your seed grain is coming along and the fact that you should be careful in the first essential to good crops cannot be too forcibly emphasized, and that is, have your seed grain tested at the government seed laboratory at Calgary. Owing to the lateness of crops last year, together with early frost and consequent injury to a large amount of grain throughout the Province, the fact that seed grain should be tested before sowing is more than ever necessary this season or there will be more trouble this year on account of poor crops. This applies more especially to oats and barley, in which frost injury is often difficult to detect. Quite frequently it is found that plump, heavy oats have been seriously damaged for seed purposes, frost of a few degrees in the milk stage often being sufficient to ruin them for seed. The Dominion Seed Laboratory at Calgary will test your seed for vitality free of charge by complying with the following rules:

1. Seed bags, suitable for sending samples, may be had on application to the Dominion Seed Laboratory, Calgary.
2. About half such a bag full (500 or 1,000 grains) is ample for a germination test.
3. If possible, samples should be cleaned before sending.
4. The postage should be prepaid; 2 cents per bag is usually sufficient, 2c for 4 or.
5. It is unnecessary to enclose stamps for reply.
6. The usual time necessary for a test is ten days.
7. All samples should be plainly marked with name and address of sender.
8. All samples should be addressed to Dominion Seed Laboratory, Calgary.

Forestry in Europe

The productive forest area of 1908 on the Grand Duchy of Hesse in Europe amounted to 172,268 acres. In general the standing timber is composed of 69 per cent hardwood and 31 per cent coniferous forest. The fir ranks first among the coniferous species. The total yield of lumber in 1908 was 4,575,000 cubic feet. Refuse in so far as it is not suitable for lighter lumber, such as laths or for pulp, is used for firewood. The expenditures for salaries, forest cultivation and road building amounted to approximately \$754,000, and the total gross income from lumber and firewood was \$1,161,931. The capital represented by the forests (\$52,865,564) brought interest accordingly at 2.21 per cent. Where intensive forestry of this kind is practised, forest fires are unknown. Sufficient money spent on Canadian forest reserves would greatly reduce fire danger, maintain an adequate lumber supply for the country and in time become a source of revenue to the government.

"Yes, Dodd's Kidney Pills certainly did me good," Mr. Gauvarg says in an interview. "Before I started taking them my back ached so that I had to give up work and I also had to be careful how I walked and moved about. I took nine boxes, all told, and they fixed me up. They are the best medicine for all diseases of the kidneys."

Dodd's Kidney Pills are no cure-all. They only cure kidneys, but they always cure the kidneys and with cured kidneys you can't have backaches, rheumatism, Bright's disease, diabetes or dropsy.

Miss Clifton—Yes, she was furious about the way in which that paper reported her marriage.

Miss Avondale—Did it allude to her age?

Miss Clifton—Indirectly. It stated that Miss Olde and Mr. Yale were married, the latter being a well-known collector of antiques."

You will sneeze; perhaps feel chilly. You think you are catching cold. Don't wait until you know it. Take a dose of Hamlin's Vitarol Oil and you just can't catch cold.

Sash—O, my ancestors used it! Miss Pruyn—Indeed! By whom were they employed?

Shiloh's Cure

When the people talk of "the good things of life," quietly enough they do not mean the best things. They are using a deceptive phrase. The wise man or woman will never let the good things stand in the way of reaching higher and better things. Only ignorance does that.

"Are you honest with yourself?" "I think so."

"Then tell me, do you give up your seat in a street car to a stranger whom you see as quickly as you do to one whom you know or think you may know?"

Admitting that he didn't, old Man Diogenes went plodding on his way.

It is Criminal to Neglect the Skin and Hair

THINK of the suffering tentailed by neglected skin troubles—mental because of disfigurement, physical because of pain. Think of the pleasure of a clear skin, soft, white hands, and good hair. These blessings, so essential to happiness and even success in life, are often only a matter of a little thoughtful care in the selection of effective remedial agents. Cuticura Soap and Cuticura Ointment do so much for poor complexions, red, rough hands, and dry, thin and falling hair, and cost so little, that it is almost criminal not to use them.

Although Cuticura Soap and Ointment are sold by druggists and dealers everywhere, a postal to "Cuticura," Dept. 5M, Boston, U.S.A., will secure a liberal sample of each, with a 12-page booklet on Skin and Scalp Treatment.

PRINCE TO VISIT BERLIN

He Will be the Guest of Emperor William and Will Receive Special Honors.

It is expected that the Prince of Wales will pay a visit to Berlin shortly after his eighteenth birthday in June next, and that he will stay for a week with the emperor and empress. The Kaiser was extremely anxious to have the prince visit him a short time ago, but Queen Mary then held that her son was too young and that it would be better to wait for another year or so. While the prince is in the German capital he will be admitted as a Knight of the Black Eagle. This order ranks third in importance among European decorations, being only surpassed by the Garter and the Golden Fleece of Spain. The last named distinction, by the way, is also likely to be bestowed upon the Prince of Wales by King Alfonso during the course of next year. The visit to Berlin will be in state and entertainments in honor of the young prince will be arranged for every day, terminating with a review of the troops in the garrison, specially strengthened for the occasion. Before this review takes place the Kaiser proposes to create the prince a colonel of one of the regiments on parade.

A Standard Medicine.—Parnelle's Vegetable Pills, compounded of entirely vegetable substances known to have a revivifying and salutary effect upon the digestive organs, have, through years of use attained so prominent a position that they rank as a standard medicine. Those who remember this. Simple in their composition, they can be assimilated by the weakest of stomachs and are certain to have a healthful and agreeable effect on the sluggish digestive organs.

WOULD NOT BE WITHOUT BABY'S OWN TABLETS

Mothers who have once used Baby's Own Tablets for their little ones always keep them in the house. They realize the value of the Tablets in banishing baby's illness when it comes, or better still, in warding off illness by giving him an occasional dose of the Tablets to keep his stomach and bowels regular. Concerning them Mrs. Isaac McDonald, Nappan Station, writes:—"I have used Baby's Own Tablets and would not now be without them as they are the very best medicine I know of for little ones. The Tablets are sold at 25 cents a box by medicine dealers or by all from The Dr. Williams' Medicine Co., Brockville, Ont."

"George?"
"Yes, dear?"
"Before we were married you once asked me if I enjoyed a brass band."
"Yes, perhaps I did."
"You did, and I said yes; but it seems I misunderstood you, George. My wedding ring is making a black mark on my finger."

Small But Potent.—Parnelle's Vegetable Pills are small, but they are effective in action. Their fine qualities as a corrector of stomach troubles are known to thousands and they are in constant demand everywhere. By those who know what a simple and safe remedy they are. They need no introduction to those acquainted with them, but to those who may not know them they are presented as the best preparation on the market for disorders of the stomach.

The Complaint.—You see, Judge, I was a little too happy, as you might say, when I went home, and my wife was ironing. We'd had a word or two in the mornin', and so I steps up prepared to make peace. I said: 'Let's forget the quarrel—we both were wrong,' and what does she do but shut the hot iron in my head.

The Judge.—Trying to smooth it over, of course. You can't hammer her for that. Go home, both of you.

THE CHAMPION DISC HARROW

HAS THE GOOD POINTS THAT MAKE AN IMPLEMENT RELIABLE

Two independent sections, each operated by a lever, making a flexible harrow. Each section has a heavy washer or bumper to take the end thrust.

Discs of the very best, carefully tempered steel, 16-inches diameter.

Bearings are cast boxes fitted with oil-soaked maple bushings. Entirely dustproof, lubricated by pipe oil.

The steel bars supporting the frame are strong and heavy, plenty of room between disc and weight box.

We can supply either a tongue or tongueless disc harrow. The Tongueless disc Harrow is fitted with truck only, as shown in cut. Either style of Disc Har-

rows is fitted with a comfortable spring seat; levers handy to operate.

Truck has 16-inch strong steel wheels, and 14-inch axle. Frame is of strong malleable steel, and is adjustable. Clevis has three adjustments.

Weight. Price With Tongue Tongueless.

41 A 267. 12-Disc Harrow, 6-foot cut, with 3-horse eveners..... 410-lbs. 28.00 35.00

41 A 268. 16-Disc Harrow, 8-foot cut, with 4-horse eveners..... 500-lbs. 33.00. 40.00

There are certain good points that every Farm Implement must possess before it can be called reliable. But if it has these essential features it can be depended upon to do good work. The farmer may safely consider the purchase of an implement when it is offered by a firm of unquestioned reliability, and sold subject to a trial test. The fact that it is sold at a lower price is no reflection on its value. Price does not guarantee value.

If you think these are reasonable arguments, and if you need a new Disc Harrow this spring, it will pay you to write to Eaton's. By return mail they will tell you the exact cost of any style after freight charges have been taken into account.

THE EATON GUARANTEE

Every farmer who orders an EATON implement is asked to test it on his own farm for ten days. If it does not satisfy him, after test, he can return it and get his money back in full, with all freight charges as well. If, after testing it he decides to keep the implement, EATON'S will guarantee him against any possibility of loss through faulty construction or material. If anything breaks because it was not made right or not put together right, EATON'S will supply a new part free of charge.

Test Your Seed Grain

The season of the year for choosing your seed grain is coming along and the fact that you should be careful in the first essential to good crops cannot be too forcibly emphasized, and that is, have your seed grain tested at the government seed laboratory at Calgary. Owing to the lateness of crops last year, together with early frost and consequent injury to a large amount of grain throughout the Province, the fact that seed grain should be tested before sowing is more than ever necessary this season or there will be more trouble this year on account of poor crops. This applies more especially to oats and barley, in which frost injury is often difficult to detect. Quite frequently it is found that plump, heavy oats have been seriously damaged for seed purposes, frost of a few degrees in the milk stage often being sufficient to ruin them for seed. The Dominion Seed Laboratory at Calgary will test your seed for vitality free of charge by complying with the following rules:

1. Seed bags, suitable for sending samples, may be had on application to the Dominion Seed Laboratory, Calgary.
2. About half such a bag full (500 or 1,000 grains) is ample for a germination test.
3. If possible, samples should be cleaned before sending.
4. The postage should be prepaid; 2 cents per bag is usually sufficient, 2c for 4 oz.
5. It is unnecessary to enclose stamps for reply.
6. The usual time necessary for a test is ten days.
7. All samples should be plainly marked with name and address of sender.
8. All samples should be addressed to Dominion Seed Laboratory, Calgary.

Forestry in Europe

The productive forest area of 1908 on the Grand Duchy of Hesse in Europe amounted to 172,288 acres. In general the standing timber is composed of 69 per cent hardwood and 31 per cent coniferous forest. The fir ranks first among the coniferous species. The total yield of lumber in 1908 was 4,575,000 cubic feet. Refuse in so far as it is not suitable for lighter lumber, such as laths or for pulp, is used for firewood. The expenditures for salaries, forest cultivation and road building amounted to approximately \$754,000, and the total gross income from lumber and firewood was \$1,161,931. The capital represented by the forests (\$52,865,554) brought interest accordingly at 221 per cent. Where intensive forestry of this kind is practised, forest fires are unknown. Sufficient money spent on Canadian forest reserves would greatly reduce fire danger, maintain an adequate lumber supply for the country and in time become a source of revenue to the government.

CHAPTER VI
"Vengeance is Mine"

"It is a lie, a lie!"
Strong words for a lady, but she had left him on them, wailing swiftly away, and holding up a warning hand, as though commanding him not to follow her.

Harry stared for a few moments after her retreating figure with wonder and wistfulness in his eyes. At the turn in the road, which shone white in the moonlight, she disappeared, and he looked after for a little while, reflecting.

In spite of his secret passion for romance, he was level-headed and sensible in ordinary matters; he told himself now that in a place so small as Crayborne he would have little difficulty in finding out all there was to learn about a woman of such striking appearance, who had lived there for thirteen years.

It was by this time ten o'clock. He heard the loud peal out from a square-towered church which was raised on a hill a little away from the village; a dog was barking, possibly at his approach; for there seemed nothing else to disturb it in Crayborne.

The lady of the wood had described it accurately. There was a few dozen houses, some with white-washed walls and thatched roofs, others with new brick fronts under red tiles, and windows in which stationery, provisions and clothing were indiscriminately exposed for sale. There was a picturesque block of the old inn stables, and facing them the new "Royal Hotel," which, as Harry had to learn later, had for very many years been called "The Clavel Arms," but which was now renamed and rendered hideous with new bricks, modern windows and a haunting har.

Nevertheless, Harry had no choice but to enter. Lights were still burning, and men's voices came from the tap-room. He passed through the garden into what was called the hotel entrance, and was met by a pleasant young woman, who was the landlady's wife, and to whom he appealed for a room for the night.

His husband was a German and named Guttenberg; they had occupied the hotel four years, and the place was "improved." Mrs. Guttenberg told him, "We certainly was not the woman from whom to learn legends and stories, but before he retired for the night there was one question which Harry felt constrained to ask."

"As I came from Brixham," he said, "I asked the way to a very tall, fat-headed lady in a cloak with a hood, who said she lived in the neighborhood. Who was she, do you know?"

"There's only one tall lady, who walks about alone at night here," the woman answered in a lowered voice which held an accent of awe. "It must have been Lady Anne Daubney."

Leonard Sarto's "tall white garden lily," who "moved to the music of her lovely thoughts," and whose voice was like the ripple of a hidden wood stream among ferns."

"The words had sounded fantastic, but now the Harry had spoken with and seen Lady Anne Daubney in the flesh, to praise her for her extravagance. The very aloofness and mystery of her appealed irresistibly to a man of imagination; for he had never spoken to him as a stranger with comparative cordiality, there was nothing in her manner of the bright camaraderie which had distinguished the conversation of the pretty English actress, Lily Warren.

Yet until tonight he had never met a woman who had impressed him so greatly as Miss Warren. He cherished an affectionate sympathy and admiration for her, although he had not her hot suzer. Her dainty, courtly prettiness pleased him as much as did her sprightly way of self defence. She was unselfish, brave, and full of heart and intelligence, and he fervently hoped and believed he would meet her again."

But the woman tonight was different. Who and what was she?

He felt so desperately anxious to know that he could hardly believe in one respect, these two women, so utterly different.

PURIFIED HIS BLOOD

Dr. Morse's Indian Root Pills
Healed Mr. Wilson's Sores

"When the sewers of the body—bowels, kidneys and skin ducts—get clogged up, the blood quickly becomes impure and frequently sears break out over the body. The way to heal them, as Mr. Wilson, who lives near London, Ont., writes, is to purify the blood. He writes:

"For some time I have been in a low, depressed condition. My appetite left me and I soon began to suffer from indigestion. Quite a number of small sores and blotches formed all over my skin. I tried medicine for the blood and used many kinds of ointments, but without satisfactory results. What was wanted was a thorough cleansing of the blood and I looked about in vain for some medicine that would accomplish this."

At last Dr. Morse's Indian Root Pills were brought to my notice, and they are one of the most wonderful medicines I have ever known. My blood was purified in a very short time, my sores healed, my indigestion vanished. They always have a place in my home and are looked upon as the family remedy."

Dr. Morse's Indian Root Pills cleanse the system thoroughly. Sold by all druggists at 25c a box.

erly unlike, resembled each other. They had both expressed in words which were almost identical, their special horror of the name of Clavel, which was his own.

Almost strangers to him as they were, they had refused to believe that a member of the family, Lady Anne had been grown fierce and insulting on the subject, as though there was a personal offense to her for him to lay claim to the name.

Could it be true, as Sarto had suggested, that such a young woman had stooped to love a man "without heart or conscience, a spendrift, a Don Juan, a rotten brat of a mad, had stood?"

Those were the words Sarto had used in speaking of the man he called "the last of the Clavels," and through the still air, he declared that Lady Anne was a broken lily now.

To Harry, she seemed nothing of the kind. Very sad and far from happy, she had a certain grace about her. She had spoke of living among ghosts and fearing the sunlight; yet there was an indomitable pride about her, a spirit and a grace in her carriage, and a light that was far removed from hopelessness in her brilliant blue eyes.

Harry had fallen in love with her. He recognized the fact as he did her complete indifference to him. The romantic thought crept into his mind, that it might come to him, who was really the last Clavel, to atone for any suffering caused to this young woman, that Clavel whose name she had grown to detest.

All night, in his dreams, he was fighting her battles against his mysterious unseen foes; but when the moment of success came she invariably eluded him, and he found in the place where he was really the last Clavel, to atone for any suffering caused to this young woman, that Clavel whose name she had grown to detest.

ceived he felt glad to think he belonged to the Norman stock, who had lived so long in this beautiful and peaceful corner of the world.

Suddenly, as he turned to walk from the church yard with his feeling of elation still upon him, he received a rude shock.

Facing him, as he took a short cut across the grass, stood an imposing monument of black marble. In form it was a monolith, and set in the lower portion was a white marble bas-relief showing the head in profile of a young man. Beneath his head, cut very deeply in large letters, ran the following inscription:—

"In memory of Lucian Warner, aged twenty-two years, who was murdered at the altar of this church by Roger Clavel on the twenty-sixth of June."

Then followed the date, exactly seven years back, and, lower, the terrible line:—

"Vengeance is Mine: I will repay, saith the Lord."

For some minutes Harry remained staring at the tomb. Under the bright morning sunshine, and the peaceful rural surroundings, the memorial to a mad crime and living bitterness struck a harshly discordant note. Harry was loath to believe that the man who was killed while exercising his duty on the altar of this church, was the same man who had caused it to be made. But, presently, as he moved a few steps away, feeling depressed and bewildered, a smaller, humbler tomb caught his attention by the singularity of the epitaph carved upon it.

"In memory of James Collet, of the Dorsetshire police force, who was killed while exercising his duty on June thirtieth."

The date of the year was identical with that on the larger monument, and, as Harry still stood examining it, an elderly man, dressed in a red faced, passed close beside him, bearing a bunch of keys.

"Good-morning to you, sir. A queer stone, this one, as Harry guessed."

"The man, who was, as Harry guessed, the sexton of the church, pronounced the words after the Dorset fashion, as: "a queer steen," and used a "z" for an "s" in "sir."

"It is indeed," Harry returned. And then the man lingered, he added: "I am a stranger here. Will you tell me the story of it?"

"I will," the sexton answered, his heavy blue eyes brightening. "His better'n me, for I was at the wedding of Lady Anne Daubney."

(To be continued.)

A lady called on a friend, who was not at home, and finding the piano dusty, wrote upon it "dirty."

They met the next day, and the lady said, "I called on you yesterday."

"Yes," he said, "your card on the piano," was the calm reply.

DR. McLAUGHLIN'S ELECTRIC BELT

IS MADE FOR YOU

To those whose vitality is exhausted and who find themselves, young in years, broken down wrecks of what they ought to be, the Dr. McLaughlin Electric Belt is the answer. It is the answer to the question of how to get the vitality of those suffering from a loss of vitality.

Many people are made up of all the elements to regain the health they have lost. Many have spent their last cent in the pursuit and through their own money away. Many people are made up of all the elements to regain the health they have lost. Many have spent their last cent in the pursuit and through their own money away.

There is nothing wonderful in this change. It is all as natural. Think what the effect would be if you were suddenly converted of all electricity in your body. You would be dead. Live an instant. No mental or physical life could exist without electricity. Nature, when the element is taken, is dead.

There is the time my belt does great things for you. It recharges your nerves with life-giving current. Your strength and vitality are restored. You feel the old, stimulating glow of youth. You now have the full amount of electricity, and you feel "good to anything."

What is my belt? It is a body battery, made for the purpose of applying electricity to the human system in the most scientific and effective way. It is made on an entirely different plan from the worthless devices known by "Electric Belts." Its current is galvanic, strength, and constant. It is provided with a regulator. This enables you to change the current to suit varying needs. You wear it at night. It sends your current into sleep. You wake up refreshed and full of energy. You feel like a different person and you are different. Your friends tell you so.

The benefits of my Belt are being daily demonstrated by thousands of patients, and it is heartily endorsed by those who have been cured.

If you feel weak or weak, your doctor isn't helping you much, you ought to try my Belt. It's a grand remedy. All such troubles as Indigestion, Constipation, Neuralgia, Liver Troubles, Weak Kidneys, Rheumatism, Neuritis, Lame Back, Prolapsed Uterus, and all other ailments of the female system. It cures all these ailments. It cures all these ailments. It cures all these ailments.

Dear Sir,—

WIDE SCOPE OF WORK OF THE TARIFF COMMISSION

Appointment to be Made of a Tariff Commission to Investigate Comparative Cost of Production in Canada and Other Countries

Ottawa, Ont.—Hon. W. T. White has given notice of a resolution fixing the conditions which will govern the appointment of the tariff commission to be named by the Government, and defining the scope of the work which the commission will undertake.

It is as follows:—
“That it is expedient to provide for a tariff commission consisting of three members, to be appointed by the governor-in-council, whose duty it shall be:

“(1)—To make, under the direction of the minister of finance, a report of any goods produced in or imported to Canada, inquiry as to—

“(a)—The price and cost of raw material in Canada and elsewhere and the cost of transportation thereof from the place of production to the place of use or consumption.

“(b)—The cost of production in Canada and elsewhere.

“(c)—The cost of transportation from the place of production to the place of use or consumption, whether in Canada or elsewhere.

“(d)—The cost, efficiency and conditions of labor in Canada and elsewhere.

“(e)—The prices received by producers, manufacturers, wholesale dealers, retailers and distributors in Canada and elsewhere.

“(f)—All conditions and factors which affect or enter into the cost of production and the price to the consumer in Canada.

“(g)—Generally all the conditions affecting production, manufacture, cost and price in Canada as compared with other countries and to report to the minister.

“(2)—To make inquiry into any other matter upon which the minister desires information, in relation to any goods which, if brought into Canada

or produced in Canada are subject to import duties of customs, and to report to the minister.

“(3)—To hold, when empowered by the governor-in-council, an inquiry under section 12 of the customs tariff of 1907 in the same manner as the judge of the exchequer or any other judge therein referred to may hold inquiry when so empowered.

“(4)—To inquire into any other matter or thing in relation to the trade or commerce of Canada which the governor-in-council sees fit to refer to the commission for inquiry and report.

“That the commission shall have the power of summoning before them any witness and of requiring them to give evidence on oath or on solemn affirmation and to produce such documents and things as the commission may deem requisite to the full investigation of the matters into which they are appointed to examine, with the power to receive in return and to enforce the attendance of witnesses and compelling witnesses to give evidence as is vested in any court of record in civil cases.

“That there be employed in the service of the commission a secretary and such officers, clerks and employees and persons having technical or special knowledge as may be necessary.

“That the chairman of the commission be paid an annual salary of \$7,500 and the other two members an annual salary of \$5,000, that the secretary be paid an annual salary of \$2,500, and that all salaries and other emoluments be paid out of the provisions of any act founded on these resolutions be payable out of any appropriation granted to His Majesty by parliament for the purpose.”

STOCKMEN TEAR UP CONTRACT

Revision of Rate Has Not Yet Been Arranged With the Railroads

Ottawa, Ont.—There will not likely be an order by the railway commission in regard to the revision of the western stockmen, which they heard recently in Ottawa, for several months at least.

The present contract between the stockmen and the railroads is being revised and the commission has been requested to hold over any decision until the contract is completed.

One contract was presented to the shippers, but was torn to pieces and another will be submitted shortly.

All arrangements have been completed for the Dominion Live Stock Convention, which will be held in Ottawa on February 12 and 13.

Programme of particular interest to the West and a large western delegation is expected to attend. Some two hundred men from all over Canada will be present.

Among the Western men on the programme are: W. F. Stevens, live stock commissioner of Alberta, and Dr. F. S. Trollope, of Victoria, B. C.

Andrew Graham, of Pomeroy, Man., will speak on the subject of “Inter-provincial Trade in Pure Bred Cattle.”

P. J. Phinn, of Moosemilk will discuss the program of the Dominion Live Stock Convention, and Dr. F. S. Trollope, of Victoria, B. C., will discuss the question of the “Cullied Live Industry.”

HOME RULE BILL

Mass Meetings Opposing Bill Scheduled for English Towns

London, Eng.—Political activity and excitement are increasing all the more rapidly in the United Kingdom now that there is more reason than there was a fortnight ago to fear a general political dissolution as a result of a multitude of strikes and lockouts.

Intervention by the Anglican primates of all Ireland against home rule, following on the heels of the Ulster Unionists to prevent John Redmond and Winston Spencer Churchill from addressing a home rule meeting next month in Belfast, has added highly inflammable material to the hottest controversy fires that have burned in the country since Parnell died.

Of all the exhibitions of home rule opposition in the history of the Orange capital, the latest is the most astounding to British Liberals, Irish republicans and what they claim to be the real desires and intentions of Irish leaders.

What the upshot will be cannot be foretold, but the Irish Nationalists declare the projected meeting will be held, and they have vowed to march a hundred thousand strong to Belfast.

All England will be in the throes of the fiercest political struggle ever the Belfast situation. Upward of fifty meetings against home rule are scheduled for the coming week, and the Unionists are taking their cue from Sir Edward Carson's New Year message to the Dublin Daily Express.

THE SUNDAY SCHOOL

LESSON V.—FIRST QUARTER, FOR FEB. 4, 1912.

Text of the Lesson, Matt. 11: 1-12.

Memory Verses, 1-2—Golden Text, Isa. vii, 22—Commentary Prepared by Rev. D. M. Stearns.

Although it is but a few weeks since we had the peace of a Christmas season, we come to it again with great desire to know more intimately Him of whom it speaks, Jesus, King of the Jews, that we may worship Him as He says we should and as the Father desires, “in spirit and in truth.” (John 4: 23). Remember His own words in the wilderness, “Thou shalt worship the Lord thy God, and Him only shalt thou serve” (chapter 10, v. 10); also the words of the heavenly messenger to John in Patmos when he fell down to worship at his feet, “See thou do it, thou shalt worship God” (Rev. xix, 10; xxi, 9). Nine months and yet worship Him here and all that is taught by commandments of men (chapter xix, 20; Rev. 14: 12). He is the heart that He has regard to. He can break our heart and tries the heart and desires truth in the inward parts (1 Sam. xvi, 7; Jer. xxi, 10).

“Thou shalt worship Him, for He is a very little spoken of or thought of as King of the Jews, and the church has been so long in the world that the prophet who predicted His birth at Bethlehem, and spoke of Him as a ‘governor, and shall be called Israel’ (Isaiah 9: 6; Mic. v, 2). Nathaniel spoke of Him as ‘the Son of God, the King of Israel, and Zebulon in prophetic vision saw Him as ‘the King of Israel, even Jehovah, in the midst of His throne.’ (Zeph. 14, 15). Oh, for such vision now and the zeal and devotion of these who have seen the King of the city Jerusalem, to which they came seeking Him in order to worship Him.”

“The Father of our Lord Jesus Christ shall be gathered unto it to the name of the Lord, to Jerusalem.” (Zeph. 14, 15). Oh, for such vision now and the zeal and devotion of these who have seen the King of the city Jerusalem, to which they came seeking Him in order to worship Him.”

“The Father of our Lord Jesus Christ shall be gathered unto it to the name of the Lord, to Jerusalem.” (Zeph. 14, 15). Oh, for such vision now and the zeal and devotion of these who have seen the King of the city Jerusalem, to which they came seeking Him in order to worship Him.”

Heaving the Log
"Heaving the Log" is one of those picturesque phrases of natural literature which is only badly understood by the land lubber. The "log" is a quadrantal-shaped piece of wood loaded with lead at the curve. The line to which it is attached is 120 fathoms long and is divided by knots into equal distances of 4 feet each. Two distances are the same fraction of a nautical mile (a knot) as 25 seconds are of an hour. Consequently the number of knots that slip off a reel in 25 seconds after the log is in the water is the speed per hour that the ship is making.

Mrs. J. L. Story, who has just published a volume of reminiscences, tells of a lady relative who had all her life been afraid of damp shadows. When she was dying Mrs. Story entered the room, to find the fireplace barricaded with a large assortment of bedsteads. She was having her windingsheet warmed.

"I never have lain in damp bed clothes while I was alive," said the old lady in a feeble whisper, "and I'm not going to do it when I'm dead."

A party were talking of success. A certain man who had made a fortune was mentioned.

"When that man came to London," said one, "he said, 'everything he possessed was tied up in a handkerchief.'"

The speaker smiled and stroked his nose-clipped moustache.

"Today, everything he possesses is tied up in his wife's name," he added.

Through indiscretion in eating green fruit in summer many children become subject to cholera morbus caused by irritating acids that act violently on the lining of the intestines. Pains and dangerous purging attend, and the delicate system of the child suffers under the strain. In such cases Dr. J. D. Kellogg's Dysentery Cordial. It will check the inflammation and save the child's life.

AN OPEN LETTER

FROM A WELL-KNOWN CLERGYMAN SHOWING HOW INDIGESTION CAN BE CURED

Rev. T. A. Drury, Beamsville, Ont., writes as follows: "For eighteen years I have been increasingly impressed with the wonderful effects for good wrought by Dr. Williams' Pink Pills. For some years I had suffered almost constantly with chronic dyspepsia of the most stubborn type, attended by different other troubles which invariably follow or accompany it as its results, prominent among which were kidney trouble and piles. Against this complication of diseases I waged a vigorous warfare for several months, using many different remedies, none of which gave permanent relief. In my discouragement I was about to discontinue treatment altogether when I was advised by a friend to try Dr. Williams' Pink Pills. To my favorable circumstances, soon revived my drooping courage. The medicine struck at the root of my weakness and the different troubles of which dyspepsia was the prime cause ceased to molest me. In one month I increased fifteen pounds in weight and received a new lease of life. Only six boxes of pills produced this wonderful change in my health."

"Later my system became so reduced by an ailment (though under the care of a family doctor) that I could scarcely walk. In this dangerous extremity Dr. Williams' Pink Pills were resorted to and in a brief space of time restored me to perfect health."

"Being a minister of the gospel, many test cases have come under my notice. In all of which Dr. Williams' Pink Pills have fully sustained their world-wide reputation. This is why I can conscientiously recommend Dr. Williams' Pink Pills as being superior to anything known to me in the treatment of many diseases for which they are recommended."

"What is the difference between valor and discretion?" remarked Mrs. Brown, looking up from the paper in which she had been reading a leading article on the operations in Tripoli.

"Valor," replied Brown, "is bawling into the ear of the champion pugilist the assertion that he is a ruffian who could knock into him."

"And discretion?"

"Is doing it over the telephone."

Sudden Changes Many Colds And Colds are the Starting Point of Serious Diseases

You Can Make Short Work of a Cold by Using

DR. CHASE'S OF LINSEED AND TURPENTINE

Sudden changes of temperature are fatal in results. The shock to the system is so great that more than half the people who are exposed to such changes cannot stand, and everywhere you hear sneezing and coughing.

You have heard that some of these colds will develop into pneumonia or consumption. Others will settle on the kidneys, and result in serious disease or bring on rheumatic or bodily pains.

The danger is in letting colds run. By beginning promptly with Dr. Chase's Syrup of Linseed and Turpentine and taking small doses frequently you can keep the cough loose, check the inflammation, and soon rid the system entirely of the cold, and all the many possibilities for evil which it possesses.

Don't think that anything is good enough for a cold. There are lots of cold mixtures. But if you want a standard medicine of proven merit, something that you can depend on in time of sickness, you will be satisfied with Dr. Chase's Syrup of Linseed and Turpentine.

Children like it. Being composed of simple ingredients, it is particularly suited to their needs. Its enormous sales prove its effectiveness. 25 cents a bottle, family size 60 cents, at all dealers, or Edmundson, Bates & Co., Limited, Toronto.

Didsbury Loses to Saints

The Didsbury hockey journeyed to Calgary on Friday last to play an exhibition game with the St. Mary's team of that city but unfortunately the Calgary sports (2) won the game by a good margin over the home team with a score of 5:7 through changing players. The game was played in three series of twenty minutes each and the St. Mary's team put on a fresh player at the beginning of the second period and again at the beginning of the third. It is reported that the manager of the Saints said that they had to win the game some way or they would lose what little support they were getting in Calgary. If this is so what a pity on sport.

The Didsbury boys put up an excellent game of hockey according to reports in the Calgary papers and 1. Sex Smith played a whale of a game. In fact a manager of one of the eastern teams happened to be there and saw his playing and immediately after the game began negotiations with Sex Smith to play in his club. However, nothing definite is arranged yet.

The local boys are expecting to play a return game with the Saints in the near future on home ice and also with Red Deer but no dates are set as yet.

JUNIOR HOCKEY

The junior hockey team are also playing the game this year and are going up against some heavy junior teams. On Saturday afternoon the Ous juniors came down for a friendly game and the locals found themselves against it to use a slang phrase, because their opponents were much bigger and heavier. The score was 3-2 in favor of Ous, and the local youngsters were plucky and are to be congratulated on keeping the score down the way they did. The line-up for Didsbury was F. Wood, goal; B. Cressman, point; R. S. Shantz, c. p.; C. Hiebert, rover; H. Liesener, center; R. Mowers, r. w.; C. Richter, l. w.

The juniors also played a game with the Innisfail juniors on Monday night on the local ice, the score being 4-2 in favor of Innisfail.

Carl McKay to Meet Rydman

It will no doubt interest many of the Didsbury sport enthusiasts to hear that in the near future they will be able to witness a first-rate wrestling bout.

Carl McKay of Didsbury has gone into training and intends to take on the formidable Elmer Rydman, who visited us a while since.

This will certainly be a fast match and the local man will not be taken this time unprepared. If negotiations are successful this match will be pulled off within the next two or three weeks.

There are many around here who would like to see this match take place, and this will give them the opportunity for which they have long been looking.

This man McKay is no faker and if the event takes place we know that he will deliver the goods to the best of his ability. He has met men of class before and in condition can do so again.

DISTRESSING HEADACHE

Headaches are largely the result of disordered kidneys.

Mrs. Hall, 84 Flora St., St. Thomas, Ont., says: "I suffered for years with headaches of a most distressing nature. They would come on me suddenly, and I would last for days at a time. These were usually accompanied by spells of dizziness that would leave me unable to attend to my house duties. My back was weak and caused me much suffering through the night. That doctor told me, 'for years, but all to no avail. Nothing benefited me and my condition was gradually becoming worse. I learned of Booth's Kidney Pills. One box gave me a complete and lasting cure. I have no headache or dizzy spell since and I feel like a new person.'"

Booth's Kidney Pills are sold by all druggists, 50c a box, under a guarantee to refund your money if they fail to relieve any disease having its origin in the kidneys or bladder. Postpaid from the R. T. Booth Co., Limited, Fort Erie, Ont. Sold and guaranteed by H. W. Chambers.
